You cannot get a good weather and waterproof roof for your building from a poor roofing.

The roof of your building is the most important part of it and unless your roofing is right, there will be no peace of mind for those who live under it.

A roof that leaks causes no end of trouble, beside a lot of damage.

The best way to protect yourself from these unnecessary troubles, is to use Malthoid Roofing.

The makers of Malthoid Roofing guarantee it to be a perfect roofing to give satisfaction and to last as long as the building it covers, provided it is properly laid and ordinary care is taken of it.

Twenty-six years of experience enables The Paraffine Paint Co., of San Francisco and Chicago to guarantee Malthoid Roofing under these conditions.

To be absolutely sure that you have no roofing troubles, buy Malthoid and lay it properly

CURIOUS BITS OF HISTORY

A MINNESOTA REGIMENT AT GETTYSBURG.

By A. W. MACY.

At a critical juncture during the battle of Gettysburg, when the Confederates were pressing hard at a certain point, Gen eral Hancock rode up to a body of soldlers and inquired "What regiment is this?" "The First dinnesota," was the response "Charge that line," commande Hancock. Not all the regimen was there, only eight compa-nies, 262 men; while the for against whom they were to hurl maelves were many times that number. But it was theirs not to make reply or reason why, and not for one momen did they think Hancock had blundered. Into that gate of death they plunged, while artillery and musketry raked them with shot and shell. Straight to the mark they went, and they accomplished what they were sent to do: they checked the enemy's advance and held the ground till reinforcements came up. But at the end of that awful fifteen minutes fifty of the 262 lay dead, one hundred and seventy-five were wounded, and thirty-seven held the line of battle."
